ESSA Opportunity Provides Coherence for and Builds the Capacity of Wisconsin School Leaders

The Every Student Succeeds Act—better known as ESSA—provided new opportunities for states to use Title II, Part A funds to invest in school and district leadership and support. This presents states, like Wisconsin, with the ability to invest a portion of Title II, Part A funds for school leadership activities.

In Wisconsin, the DPI is using this opportunity to build the capacity of school leaders through a collaborative partnership to ensure all students graduate college and career ready.

This effort will provide learning opportunities along three tiers of professional learning to systematically enhance the leadership capacity throughout the state:

TIER 1: “CONFERENCES” PROVIDE PROFESSIONAL LEARNING, INFORMATION AND NETWORKING OPPORTUNITIES ACROSS THE ADMINISTRATOR STANDARDS (BREADTH).

TIER 2: “ACADEMIES” PROVIDE FOCUSED TRAINING ON TARGETED PILLARS AND RELATED HIGH-LEVERAGE PRACTICES AND COMPETENCIES FOR LEADERS (DEPTH).

TIER 3: “COACHING” TO FURTHER EQUIP LEADERS WITH TOOLS AND STRATEGIES TO LEAD EFFECTIVELY (REFLECTION).

ESSA Support at Tier 1: Coherence Building

The Wisconsin Department of Public Instruction, CESA Statewide Network, Wisconsin Association of School District Administrators, and the Association of Wisconsin School Administrators are working collaboratively to provide coherent professional learning for Wisconsin’s educators.

Beginning last year, the partners transitioned three stand-alone professional learning activities into a coherent, jointly-planned conference series called The Wisconsin Leading for Learning Series. This approach was designed in response to strong input from the field encouraging state and regional organizations to better coordinate events. Professional learning that uses common language, coordinates support, and helps to “connect the dots” on emerging initiatives, research, and practices allows for a better focus on what matters most – the students of Wisconsin.

This year’s Leading for Learning Summit was canceled due to the health emergency but the Summit will return June 28 – 30, 2021.

ESSA Support at Tier 2: Capacity Building

Wisconsin school leaders will be reimbursed up to 75% of the registration fee and will not be less than 50% for completing an Academy. In 2020-21 approved Academies include:

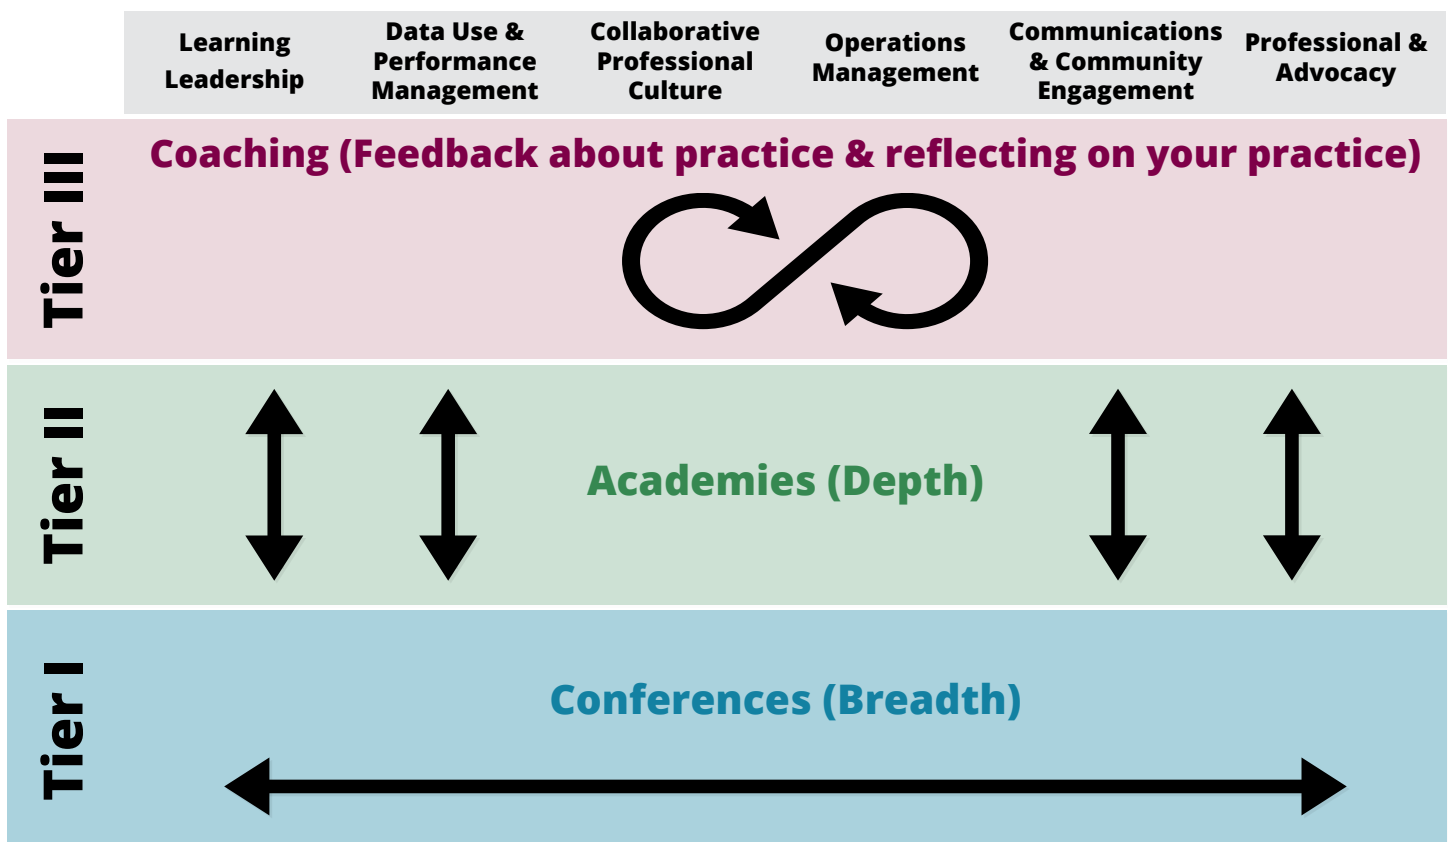

NEW BUILDING ADMINISTRATORS ACADEMY
BUILDING EFFECTIVE LEADERSHIP ACADEMY
LEADING FOR EQUITY ACADEMY
IMPACTFUL COACHING ACADEMY
IMPACTFUL COACHING ACADEMY: ADVANCING YOUR SKILLS
LEADING PROFESSIONAL LEARNING COMMUNITIES
SUPPORTING PRINCIPAL EXCELLENCE
SAIL ACADEMY

Reimbursement is limited and will be honored on a first-come, first-served basis and eligibility is limited to licensed and practicing public or private school administrators. Registration must be paid in full by December 4, 2020. Reimbursements will be processed at the completion of the Academy.

ESSA Support at Tier 3: Coaching for School Leaders

School leaders who attend the New Building Administrators Academy or the Building Effective Leadership Academy will be able to work with a certified coach. The cost of this high-quality coaching will be supported through this collaborative partnership. In addition, all participants of the SAIL Academy will benefit from a coach assigned to their team.

Managing to Lead

July 23, 2020 | Virtual Online Workshop

DOES THE PACE AND LOAD OF LEADERSHIP HAVE YOU TOO OFTEN...

- Chasing the task rather than living your purpose?
- Feeling more reactive than intentional?
- Stuck in your office rather than leading in the classroom/community?
- Squeezing out those aspects of your personal life that make you whole?

If so, you are not alone. Register for Managing to Lead and find a better way!

Managing to Lead is designed for an administrator and his/her administrative assistant to attend TOGETHER in order to improve time management and office procedures. This one-day workshop has helped countless teams and schools take substantial "leaps forward" in both their work and personal lives.

- Reflect on the common design mismatch of managing a school with 20th-century routines while trying to lead a 21st-century learning organization.
- Understand how this design mismatch inhibits desired results -- inside and outside of work.
- Articulate specific goals for professional and personal growth.
- Find sustainable ways to increase impact on what matters most and build a sense of team.
- Leave the session armed with ways to obtain a personal and professional "leap forward" during the school year.

THIS WORKSHOP IS ALSO AVAILABLE AS AN ON-SITE SCHOOL OR DISTRICT WORKSHOP.

AWSA Academies: Focused, In-Depth Learning

Which academy is right for me?

Over time at AWSA, we have developed a number of academies that provide a depth of learning and growth for education leaders in the most complex areas of the work. Each of these academies involves a series of sessions designed to help participants engage deeply in their learning, with enough opportunity to apply and integrate what they are learning throughout the series so that such efforts can meaningfully take hold in local leadership action.

Given many leadership demands, choosing the most appropriate route for deep learning and support can often present considerable challenge. We have designed the following table to help leaders think through their greatest local needs and then consider the AWSA academy that would best address that need.

If your identified need is _____,	Then consider the ____.
A) Gaining support and coaching as an administrator in your first year of service.	New Building Administrators Academy

Leading for Equity Academy

In order for Wisconsin's students to be prepared for their futures and Wisconsin's communities to remain strong in a global economy, it is imperative that all students graduate college and career ready. As Wisconsin's student population becomes increasingly diverse, the persistence of disparities in the educational system poses real challenges to opportunity and economic progress.

AWSA and WASDA are pleased to share that Dr. Colleen Capper (UW-Madison) and Dr. Elise Frattura (UW-Milwaukee) will once again partner with Dr. Joe Schroeder (AWSA) to facilitate the 2020 Leading for Equity Academy. Drs. Capper and Frattura have dedicated their professional lives to equity work in education; have co-authored three books and over 60 refereed articles on the subject; and have co-created a highly

regarded, research-based, and field-tested approach called Integrated Comprehensive Systems (ICS), which provides a baseline assessment, framework, and process that education leaders can use to thoughtfully address existing inequities in their organizations from a systems approach.

The Leading for Equity Academy (LEA) will engage you in a deep analysis of your school/district so that you are equipped to thoughtfully address complex problems of equity and effectively action plan next steps to tackle persistent -- but not insurmountable -- opportunity gaps, however they are manifested within your local community. This academy fosters application of learning and related plans with timely opportunities for reflection and adjustments so that participants can cultivate sustainable practices and mindsets back home. The overall goal of the LEA is to help leaders across Wisconsin provide schools of equity and excellence for their communities. Registering for the LEA provides free access to ICS modules (Capper and Frattura) for the 2020-21 school year. Continued module access after this will require purchase of a license, at a discounted rate, directly from ICS.

In addition, if participants implement the continuous improvement process learned during this academy, then it meets state requirements for a school learning objective under Educator Effectiveness.

LEARNING OBJECTIVES:

1. Learn foundational concepts in the following areas related to leading for equity: the history of marginalization; assets- vs. deficits-based thinking; identity development; and equity research themes.
2. Understand how to construct *equity non-negotiables* and *co-plan to co-serve teams* and how they both function to disrupt a cycle of marginalization.
3. Demonstrate how to transform adult roles and responsibilities that support identity-relevant teaching and learning for all students.
4. Grasp how to leverage local policy, procedures, and funding to eliminate inequities.

LEADING OBJECTIVES:

1. Conduct a comprehensive school/district equity audit.
2. Create a draft equity non-negotiables document to guide the local school/district's improvement journey.
3. Develop a local school/district equity action plan, indicating which specific equity steps will be addressed each year.

SAIL Academy

One of the greatest challenges in education is to maintain focus on what matters most for student learning amid the daily demands of the job and within an environment of unprecedented expectations for student results. Yet within this context, research asserts the importance of concentrated and sustained effort: schools that focus and develop deep knowledge and skill on a “vital few” improvement strategies outperform those that lack focus.

SAIL is designed to assist school and district leadership teams in creating a coherent and connected plan for transforming education at the local level within a complex environment, and in the process, instill confidence throughout the system for powerfully moving forward.

The continuous improvement process learned during this academy also meets legal requirements under:

- Every Student Succeeds Act (ESSA) for identified schools (ATSI, TSI, CSI)
- Individuals with Disabilities Education Act (IDEA) for identified districts (Needs Assistance and/or racial

LEARNING OBJECTIVES:

1. Demonstrate foundational knowledge of coherence components that build deep organizational impact.
2. Identify and address root cause problems of practice at the instructional, organizational, and leadership levels.
3. Examine how long-term phases of change can inform and guide short-term implementation and inquiry cycles.

LEADING OBJECTIVES:

1. Move organizational practice to the *accelerating* level or beyond in a minimum of six components of the Coherence Progression (Fullan and Quinn, 2016).
2. Develop and advance one or more 100-day implementation and monitoring action plans with milestones meeting 75% or more of the identified quality indicators.
3. Develop one or more adult learning frameworks meeting quality indicators in an area of instructional focus.

The Wisconsin Education News is also posted daily on the AWSA website.

At the end, THE MAIN IDEA includes a full page of suggestions for ways to use the ideas in the book for professional development of your staff.

Marshall Memo

Every week AWSA brings you the *Marshall Memo*. Published since 2003, it is designed to keep principals and other educators well-informed on current research and best practices in the field. Kim Marshall, drawing on his experience as a teacher, principal, central office administrator, consultant, and writer, lightens the load of busy educators by serving as their "designated reader."

To produce the *Marshall Memo*, Kim subscribes to 44 carefully-chosen publications and looks through scores of articles each week to select 5-10 that have the greatest potential to improve teaching, leadership, and learning. He then writes a brief summary of each article, provides links to full articles when available, and highlights a few striking quotes.
